24 page Softcover Photobook - R800

A3 Canvas - R500

A2 Canvas - R750

Some Info Regarding The Photo Sessions

WHEN SHOULD I SCHEDULE MY MATERNITY SESSION?

Somewhere between 28 and 36 weeks, when you look pregnant but aren't extremely uncomfortable yet, you want to look like a glowing mom-to-be.

WHERE WILL WE DO THE SESSION?

We can do the photo shoot either in the comfort of your own home or at an outdoor location. I want your images to be personal and unique, we can discuss what look you want and decide from there.

WHAT SHOULD I WEAR?

Something that is comfortable and flattering and showcases your baby bump. You should be comfortable moving around while feeling beautiful. Pinterest is wonderful for inspiration.

WHEN IS THE BEST TIME FOR NEW BORN PHOTOS?

It is best to schedule the session between 7 and 10 days after birth, to get those beautiful sleepy photos. I would recommend scheduling your session as soon as baby has been born (or even before if you have a C-section scheduled)

WHAT SHOULD BABY WEAR?

I would recommend a white vest/baby grow, and then any special outfits or items you would like to incorporate (special gifts, toys, family heirlooms

WHERE AND WHAT TIME DO WE DO THE PHOTOS?

The session is done in your home, where everyone is comfortable and at ease, we'll get some calm and laidback shots in your bedroom and even the nursery. Early morning is perfect as the light is fantastic and babies tend to be less fussy.

ON THE DAY

I will look for an area in your home that has the best light, and as new borns get cold extremely quickly we might need a heater to warm the area up. We will also take it easy and make sure baby can have a nappy change, feedings or a cuddling session to settle them down.

AFTER THE PHOTO SHOTS

You will receive approximately 60 images per session 4 to 6 weeks later. Albums and products will be received 2 to 3 weeks following finalisation of the digital images. Sneak peaks are available on request and your images might even feature on SpeakLove's social channels. It is SpeakLove's policy to not give out RAW file formats under any circumstances. The onus rests on the client to collect their images and products, deliveries can be made at my discretion and a courier service can also be arranged for a fee of R120.

HOW TO BOOK

- ❁ *Contact SpeakLove via phone call, sms, Whatsapp or email detailing the collection you are interested in along with your due date or baby's age.*
- ❁ *SpeakLove will respond within 24 hours with a formal quotation and the T's&C's.*
