# About

**“Speak low if you speak love.”** – William Shakespeare, *Much Ado About Nothing*, Act 1 Scene 2

SpeakLove was born from joy of commemorating one of the most important events in life: pledging your heart to the one you love.

Love is tender and fragile, it deserves to be cherished and celebrated.

My intimate documentary approach to photography uses natural light as far as possible, capturing your cherished memories in an unassuming style. Each person, couple, wedding, is unique and this will shine through in the finished product: capturing the joyous moments, the quiet moments, the loving moments, the tender moments.

# Info

## *Availability & Rates*

SpeakLove Photography is available for weddings in Gauteng, but would consider traveling to other areas of our gorgeous country to tell the story of your wedding. Bookings can be made up to 12 months in advance, however, I work on a first come first serve basis and bookings cannot be held without a signed contract and payment of a 50% booking fee. I prefer to meet clients before the wedding and this can be arranged during the week, and some evenings. If your schedule is super hectic we can even arrange a meeting over Skype. Feel free to contact me through email for more information about the Wedding Collections on offer.

## *On the day*

I will arrive at the agreed upon time and set about capturing your story as it unfolds. I will assist and guide you and your guests through the course of the day with regards to the photography, but also attempt to be as unobtrusive as possible to ensure that I capture honest and spontaneous moments. Formal group pictures can be taken, and a short list always helps to avoid that someone important is forgotten, but attempt to keep these to a minimum, since candid photos will be taken of guests through the course of the day. Family members are welcome to take photos with their cameras and phones, but it would be fantastic if the ceremony itself would be uninterrupted by guests and their gadgets. Furthermore, it would be much appreciated if I am not crowded and pushed aside during the rest of the proceedings to give me the opportunity to capture the best possible shots. When we proceed to take photos of the bride and groom it would be ideal if it is just the three of us with no distractions from guests, this will make for an intimate photography session resulting in precious images that you will treasure forever.

## *After the wedding*

Following the big celebration, I will get to work developing your memories, carefully selecting the best images. You will receive between 200 and 400 digital images on a personalised usb about 8 weeks after the wedding, but kindly allow up to 10 weeks to finalise albums and any other goodies you may have selected. Sneak peaks are available on request and your images might even feature on **SpeakLove's social channels. It is SpeakLove's policy to not give out RAW file formats under any circumstances. The onus rests** on the client to collect their images and products, deliveries can be made at my discretion and a courier service can also be arranged for a fee of R120.
